MOST OF THE TIME

Most of the time during the past four years, we have been
busy getting an education. These are some of the
scenes and many of the people that have been
a part of our daily life. Most of it
has been a very enjoyable time,
and as you turn the pages
of this book, may it
recall pleasant

ADMINISTRATION

I wish to extend to each member of the Class of 1958 my best wishes for your success. As you consider the past, your four years in high school have been all too short. You undoubtedly look forward to the future with a more serious mind than that possessed when you entered high school. Then you had plans for a period of four years. Now some of you expect to enroll in higher institutions of learning, others will enter a branch of the United States Service, many will go into industry. You are about to take a more active part in a complex society confronted by the fantastic problems of the space age.

Our nation never faced a time when there was more need for citizens who would give of their best, sacrifice for their country, and use their ability without asking what the immediate reward happened to be. We need the pioneering spirit of our forefathers, the willingness to work, to go the extra mile. The space age has brought problems concerned with atomic energy, automation, and satellites. To meet these problems requires thorough training and quality education. You seniors are completing your high school course. Get more education if at all possible so as to find your place in this complex world. Go to college if you can. If you can't, remember additional education, by making use of your spare time, may be secured while in industry, the United States Service, or other fields of endeavor. Do not fail to make use of such opportunities. You will be amply rewarded if you do.

W. D. Mullin
High School Principal

This year, 1958, is the beginning of a new era. We hear of satellites, missiles, jets and rockets, and trips to outer space. In this rush for power, speed, fame, and scientific achievements, we pause to greet you.

There are two things, youth and dreams, you have that are more precious than "gold, silver, and precious stones," yes, than satellites. Youth, with all its charms and beauty, is wonderful to behold. And with it you have vitality, zest, enthusiasm, interest, sparkle, and insurmountable sources of energy. Use your youth and develop skills, mentally and physically, and strive for a definite career in an occupation or a profession. Then, too, stay young in heart and young in spirit with the passing of the years. Dreams are the stuff of which life is made. Browning's poem, "The best is yet to be—" is a sound philosophy. Learn to get the most out of dreaming. There is fun and enjoyment in life in the anticipation, the striving, the achievement, perhaps more than in the capture of the coveted award. Live to the fullest.

BOARD OF EDUCATION

This is a pleasure to have the privilege of congratulating the members of the Class of 1958 upon this, the publication of your Colophon.

For many of you, your formal education is about ended. The Board of Education has provided everything necessary in the way of facilities, equipment, staff, materials of instruction, and a modern school program to prepare you for the attainment of your ambitions. Aim high. Think tall. Be friendly. Remember that much depends upon the spirit you manifest as you undertake your life's work. Let no difficulty defeat you. Have always before you, the highest ideals that have helped youth to achieve success and rise to the highest position of usefulness and service.

In behalf of the members of the Board of Education of Mount Pleasant Township School District, we congratulate you and wish you every success.

JUNIOR CLASS

Well, here we are with three years gone and one more to go. It has been fun, and a lot of pleasant memories of our pleasant association with you seniors.

Sputniks, satellites, and outer space have become realities. What new doors mankind will open in another year is unknown. So about all we can say is the best of good luck to you.

ACTIVITIES

SIGMA RHO

Row 1: J. Kaputa, M. Garbon, G. Landi, J. Hoke, M. Cibulas, S. Hoyman, P. Shebeck, P. Wisniewski. Row 2: Mrs. F. Vance, R. Poole, N. Struble, E. Rakaczky, B. McFarland, F. Hood, C. Lazor. Row 3: R. Brosky, J. Stafire, J. Hetz, G. Glass, G. Goswick, J. Novak, D. Shilibod, D. Faust.

Sigma Rho is not only a mathematics club, but it is an honor society for students who have done something "above and beyond the call of duty." They have taken four years of mathematics which include Algebra I the freshman year, Plane Geometry the sophomore year, Algebra II and Solid Geometry the junior year, and Trigonometry and College Algebra the senior year. In this modern world of satellites, rockets, and atomic and hydrogen weapons, mathematics is always a big asset and sometimes a necessity for one's work.

Club meetings are held in the class period with one of the projects being the use of the slide rule.

In her first year at Hurst, Mrs. Vance is doing much in carrying out the fine job done by the club since it was organized nineteen years ago.

The officers who are working hard to make the club a success are:

James Ponzurick	President	Conrad Lazor	Secretary
Ernie Rakaczky	Vice President	Ronald Poole	Treasurer

SENIOR CHAMBER OF COMMERCE

The Senior Chamber of Commerce is one of the many active school organizations that is included in the Hurst High School program.

Under the capable leadership and guidance of Mr. Freed, the group enjoys many social activities each year. To mention a few, there was the annual skating party held in January, and the dance in the fall.

The profits from these events are used for the further extension of business equip-

ment for the Commercial department.

The one event that the senior members looked forward to was their annual banquet held in February. Here the seniors were presented as honored guests, and each received a guard to be worn with his pin, received in his junior year.

The officers of the club are as follows: Mary Ann Garrick, President; Mary Louise Ondrizak, Vice President; Betty Pavuk, Secretary; Patty Pavick, Treasurer.

The purpose of the Varsity "H" Club is to promote good relations among members of different athletic teams. Also to encourage members to continue in athletics after their high school careers, and to promote good sportsmanship.

To be a member of the Varsity "H" Club, a player must have received one varsity letter in football, basketball, or baseball. A manager who has received two letters in any sport, can also become a member.

Mr. Scherrbaum and Mr. Gorinski are the faculty advisers.

The officers are President John Kaputa, Vice President Rodney Tarr, Secretary Ron Sivak, Treasurer Peter Billey.

SPORTSMEN CLUB

An organization composed of high school boys has been formed for the purpose of preserving game for better hunting and better fishing. This club is known as the Sportsmen Club. The most important point emphasized in this club is safety. This is essential as more than a hundred boys have secured their first hunting licenses.

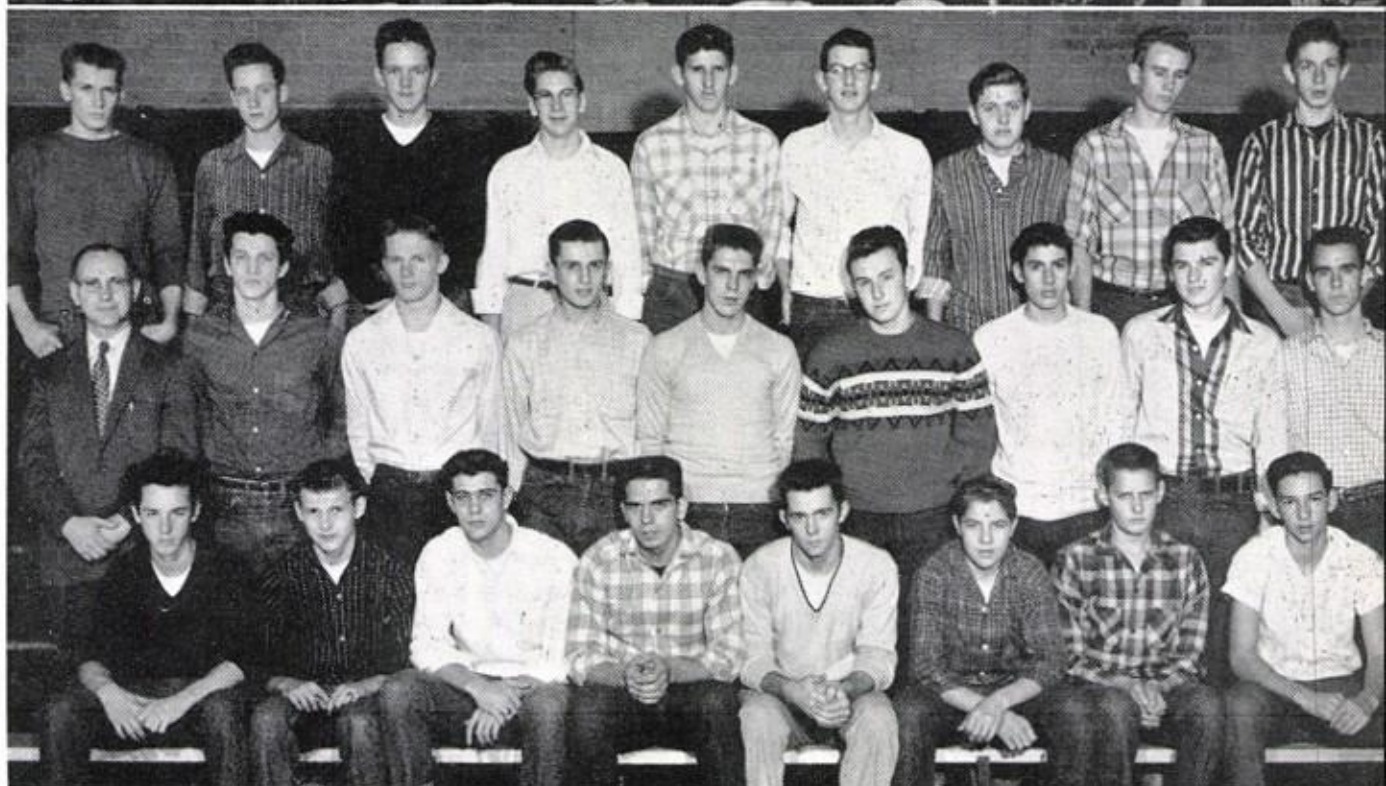

Meetings are held at different times and to add variety to the meetings, the sponsors, Mr. Ted Myers and Mr. Arthur Kromer, engage speakers or movies on wild life.

These boys are exactly what the name says—Future Farmers of America. This is a national organization. The ambition of the F.F.A. is to get better farmers in future years.

In January of each year, a few of its members attend the annual farm show in Harrisburg.

Courses in vocational agriculture were established in the United States in 1917. The first national convention of this club was held in November of 1928. Each member strives to live up to his motto: "Learning to do; doing to learn; learning to live; living to learn."

HOME ECONOMICS CLUB

The Future Teachers of America is a national and statewide organization. It started in 1937 as a result of the Horace Mann Centennial, when it was established by the NEA Assembly. The purpose of the club is to encourage students to become teachers and to help those who are already interested in this field.

Each member receives a pin which is sterling silver with torches of black and the torch

is topped with flame red. Colors of this club are black, red and white. This year there are 22 members in the organization.

The most outstanding project this year was F.T.A. Day which was held on January 30, 1958. This is making it possible for each member to gain practical experience in teaching and learn other responsibilities in teaching.

LATIN CLUB

The Latin Club is one of the most popular. It's members are first and second year Latin students.

At present the sponsor is Mrs. Casteel. The club meetings are usually devoted to acquainting the members with the history and tradition of the Latin language, and how it is still tops in a great many fields.

The club frequently sponsors outside activity and it is considered an honor to be counted as a member.

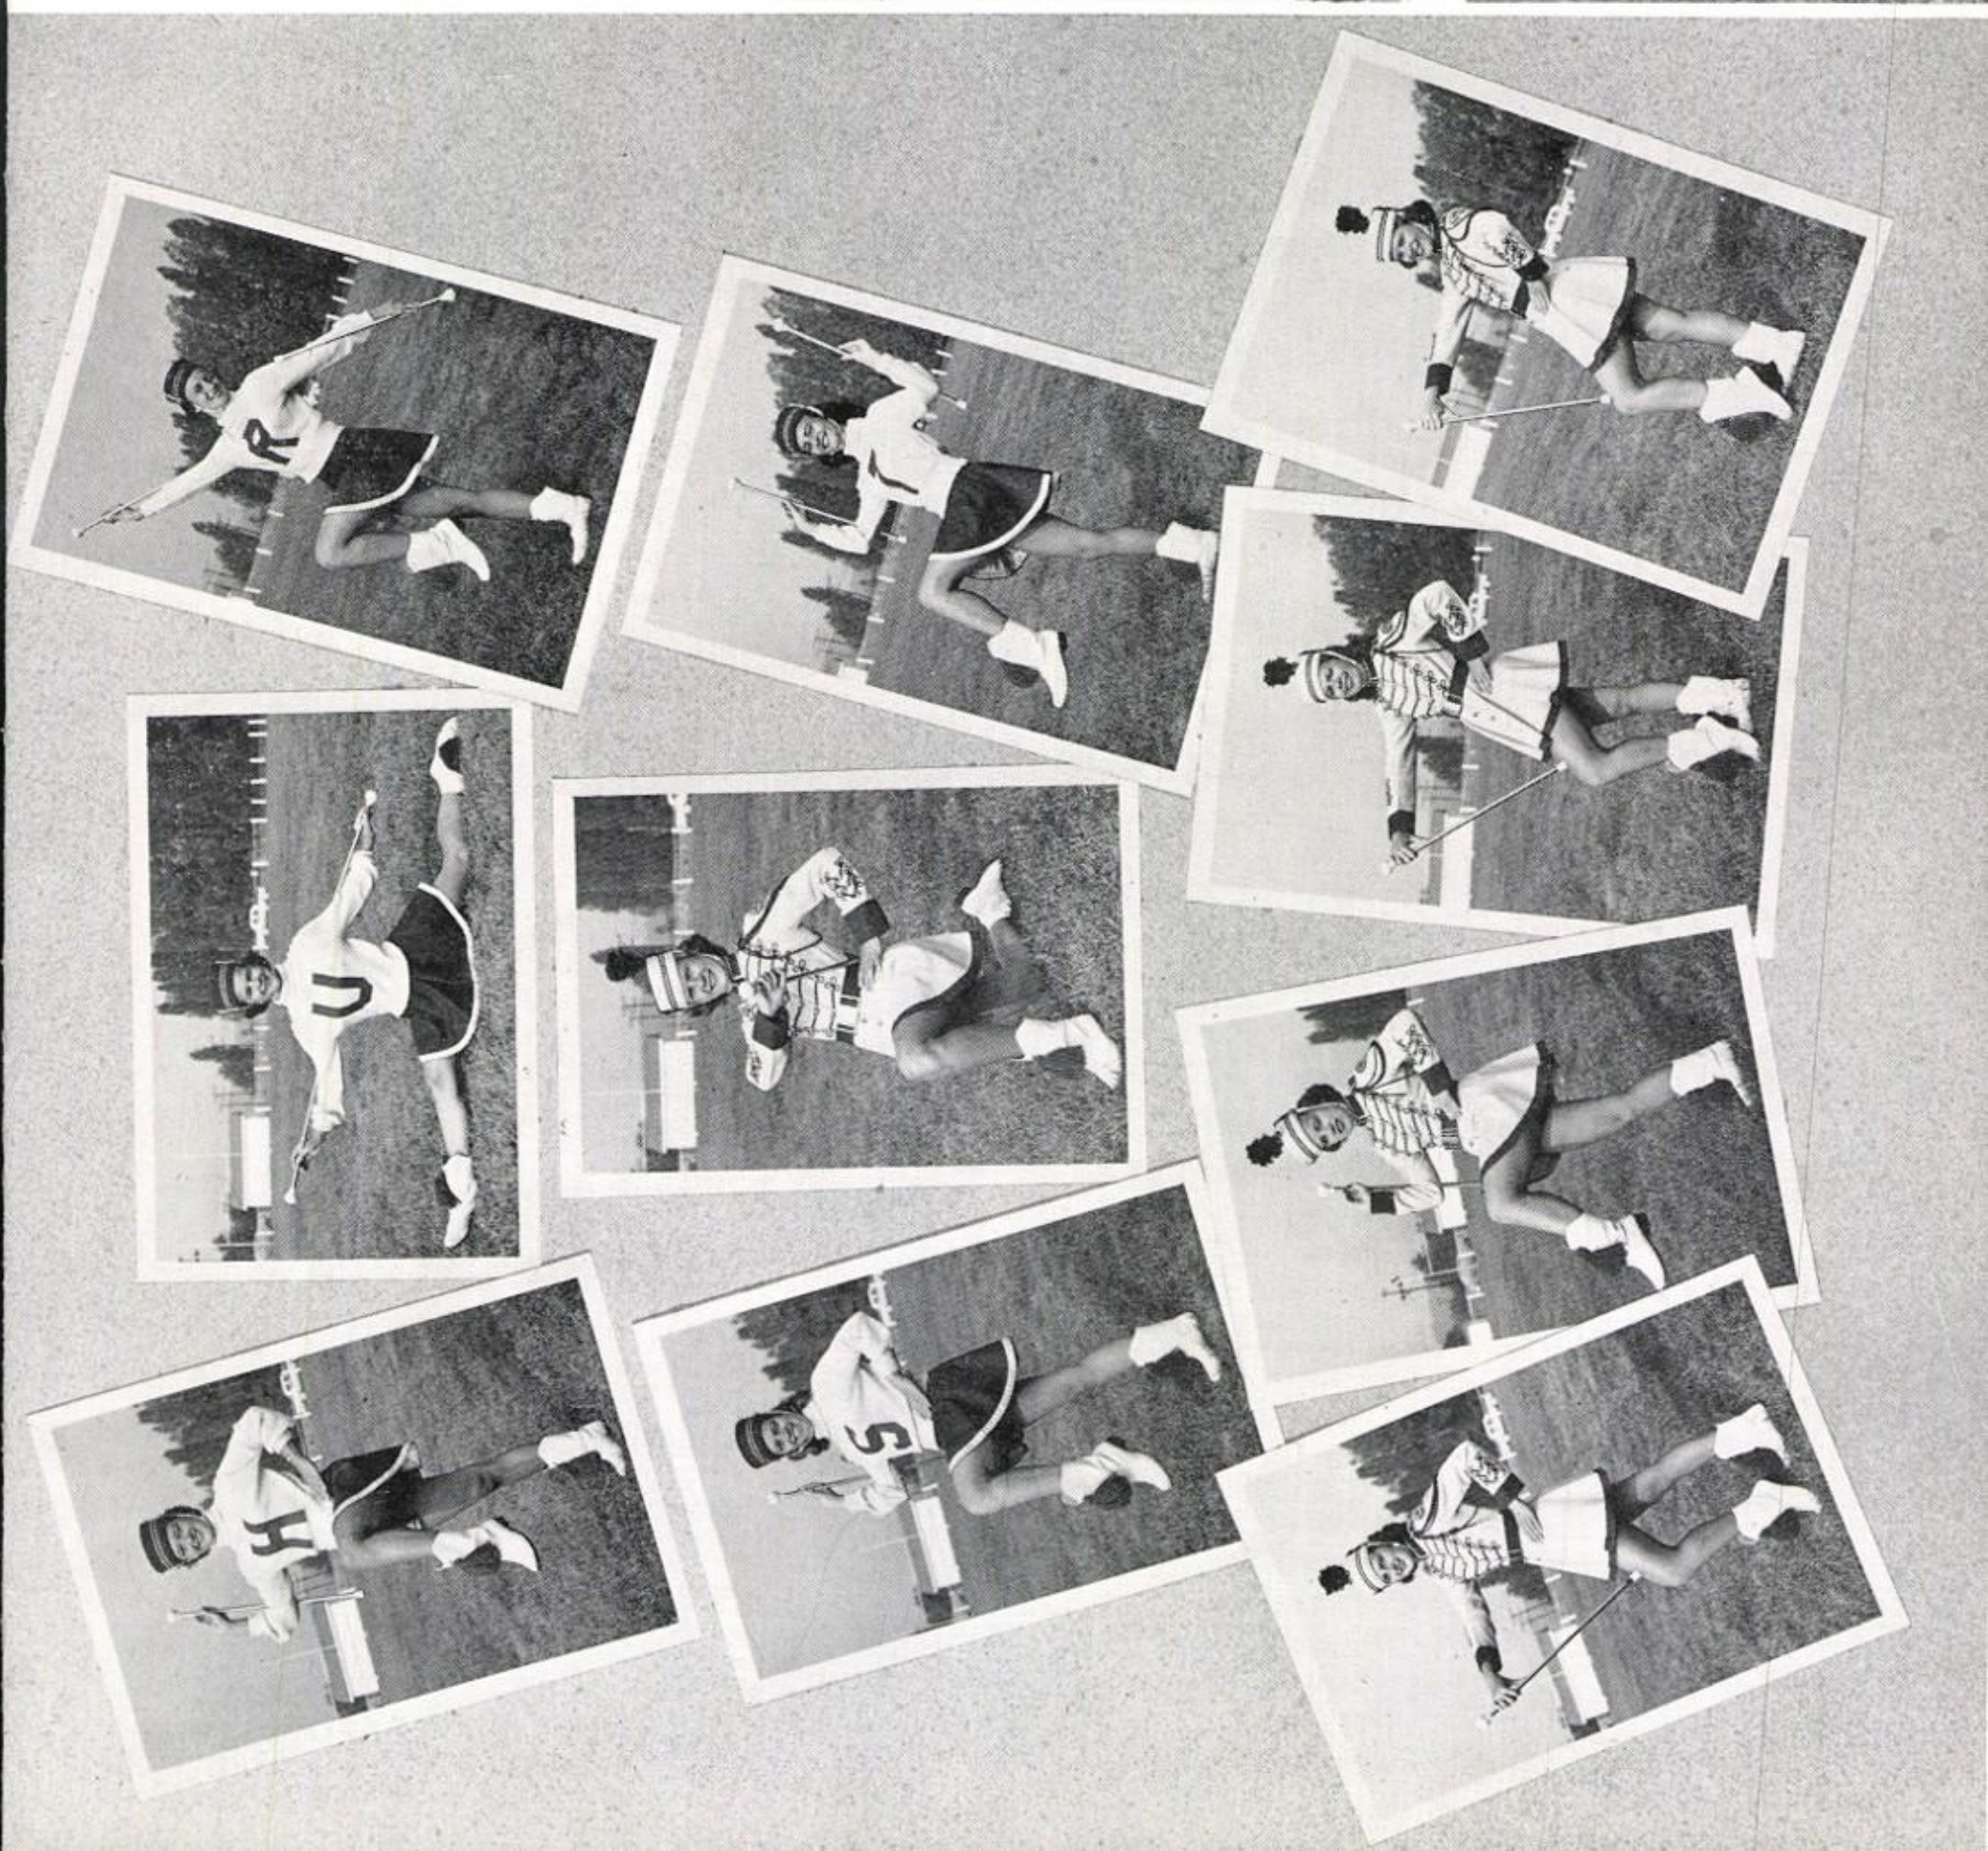

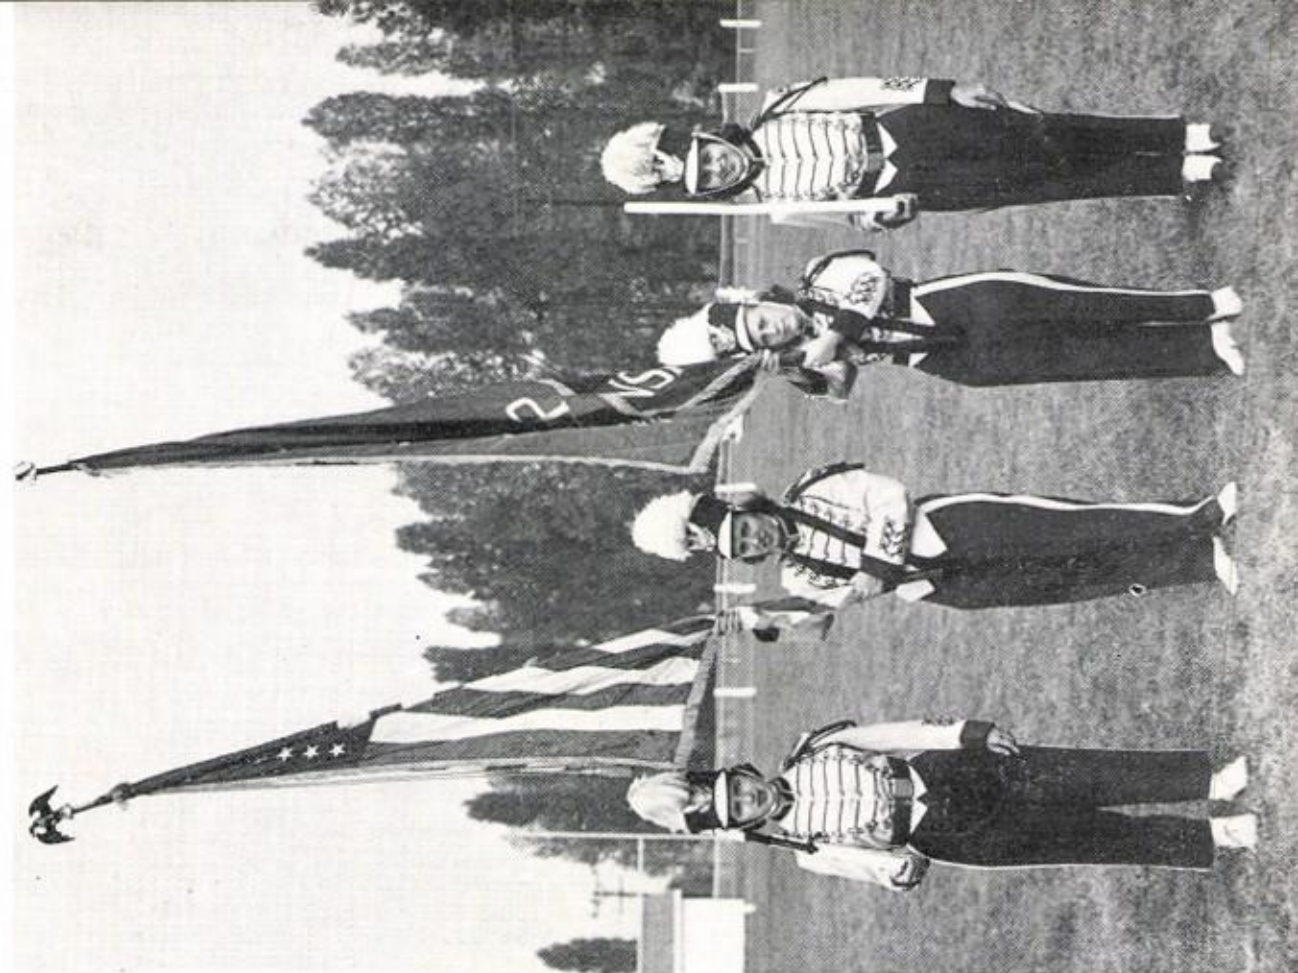

BAND

An organization that is one of the most progressive and outstanding of all student activities is the band, which is under the capable direction of Mr. James H. Avampato.

For the first time in the history of the school, the band was invited to attend the annual Marching Festival held at Wilkinsburg and was asked to play at the University of Pittsburgh. Due to the flu epidemic, it could not fulfill the invitation to Pitt. This year five members were represented at county band contest.

In addition to these activities, the band plays in pep rallies, at special assemblies, performs on the football field, and in the National Forensic Music League competition held in March at California State Teachers College. It is our hope to do even better next year.

CHORUS A

Chorus A is an activity benefiting eighty-one pupils of Hurst High School. Forty-two of the members were newly chosen by Mr. Henry Somers, who directs them in their singing. To qualify for a seat in Chorus A, a person is tested on his ability to read notes and also on his pitch and tone.

Each year the members choose their officers. This year the following were chosen:

President	John Kaputa	Secretary	Cecelia Pyda
Vice-president	Daniel Keto	Librarians	Lorena Hutter Maxine Blosky

A Christmas program, minstrel show, Baccalaureate Service, guest programs at other schools, county, district and state choruses, and other programs keep the singers and Mr. Somers busy and provide a full schedule.

The Glee Club is an organization composed entirely of girls who enjoy singing.

There are three sections in the Glee Club, first sopranos, second sopranos, and altos. This is an all girl organization composed of sixty-nine members and is conducted by Henry Z. Somers, director of all choral groups at Hurst High School.

The officers of the Glee Club are, Margaret Poole, president; Carol Davis, vice president; Mary Ann Rosky and Sandra Frund, secretaries; Bernadette Urban and Jeanette Urban, librarians.

Each year the girls perform at the Spring Concert and the Christmas Cantata.

The Glee Club practices on Mondays and Wednesdays the fourth and seventh periods. The accompanist is Barbara Geary.

This organization has been and will continue to be a format for many of the female voices in Chorus A.

There are four senior members in the Glee Club; Connie Marker, Ilene Musgrove, Mary Ann Rosky, Lorena Hutter.

We were too short of too many things to have a winning basketball season. Even fates were against us, as several of most important games were lost by a point or two in the last few seconds of play. We will miss the senior boys next year and their experience will show on next year's team. Not the best, but certainly not the worst and as a whole the boys all played hard and well.
